PROFILE

I am an ambitious & passionate web developer aspired to learn new things and actively participate in various projects. I strive to create amazing and innovative user interfaces, that amaze clients just as much as users.

WORK EXPERIENCE

FRONTEND DEVELOPER

2024 - ongoing

NIGHTWATCH.IO

Being part of a talented Front-end team at Nightwatch.io, working on modern web applications with a focus on SEO and performance analytics for digital marketing professionals.

- Implementing advanced SEO practices to optimize page speed, meta tags, and structured data for better search engine rankings,
- Collaborating in an agile environment to maintain and enhance existing applications for performance and scalability.

FRONTEND DEVELOPER

2022 - ongoing

IMAGINE D.O.O.

Completely redesign and develop a refreshing new web & mobile application for an online store. Worked with Remix + TailwindCSS & React Native (Mobile app)

- Design the mobile & web application,
- Develop the applications with the team,
- Maintenance of the developed systems.

FRONTEND DEVELOPER

2020 - ongoing

WEB SOLUTIONS, Jan Žunec s.p.

Being part of a great Front-end team of developers, working on modern web3 user interfaces for crypto exchanges, NFT marketplaces and web applications.

- Connect the front-end to smart contracts and execute those,
- Create a modern NFT Marketplace UI with usage of modern UI libraries,
